## Isn't It Great to Wake up Here in Warren County?

### New Businesses on the Way to Warrenton & Norlina...

On your next drive around Warrenton and Norlina, take a look at the business activity...I think you'll like what you see.

Susan Harris & Quilt Lizzy are growing on Main Street Warrenton with a new **expansion for the store**...some exciting things coming.

Then diagonally across the street in Warrenton's Oldest Brick Store (ca. 1835) butcher paper is on the windows and something new is on the way to that historic location.

Then there's a new business, Shoes Etc., open in the old drycleaners location in the 300 block of South Main.

Just a quick hop down the road to Norlina and you'll see a Shave Ice stand on the steps of the old Norlina Hotel in time for hot weather.

If any place has momentum, it's Warren County!

## Relay For Life Of Warren County

### "Hope Lives Here" Friday May 20

Each year, across the nation, Relay For Life events bring together entire communities to take part in the fight against cancer. It's a time and place where people come to celebrate those who have survived cancer, remember those we've lost, and fight back against a disease that touches too many lives.

Invite your family, friends and neighbors to join them in the fight on Friday, May 20<sup>th</sup> from 6pm – Midnight at Warren County High School. There are plenty of sponsorship opportunities as well as displaying luminarias and torches in honor of loved ones.

## Duke Energy Accelerates Renewable Energy Growth Goal by 33%

### New Sustainability Report Released

CHARLOTTE, N.C. – Continuing its dramatic growth in renewable energy, Duke Energy has raised its 2020 renewable energy goal by 33 percent. The company expects to own or purchase 8,000 megawatts of wind, solar and biomass capacity by 2020 – a 33 percent jump from the old goal of 6,000 megawatts established in 2013.

“Duke Energy is accelerating the pace of our renewable energy program allowing us to increase our goal for wind, solar and biomass on our system,” said Cari Boyce, vice president, Policy, Sustainability and Stakeholder Strategy. “Renewable energy will continue to be a growing part of our generation mix in the future.”

The goal is spelled out in the company’s 10<sup>th</sup> edition of its Sustainability Report issued today. **View it online**.

As of the end of 2015, the company owned or purchased nearly 4,400 megawatts of wind, solar and biomass: 49 percent wind, 39 percent solar and 12 percent biomass.

Overall, Duke Energy operates more than 52,000 megawatts of generating capacity in the United States.

The report also tracks the company's progress on other sustainability goals and programs. Highlights:

- Duke Energy continues to be a cleaner company. In 2015, overall carbon dioxide emissions from generation were 28 percent below what they were 10 years ago – and about 6 percent less than 2014.
- Carbon intensity, the amount of carbon dioxide released per kilowatt-hour of electricity produced, is 23 percent lower than 10 years ago.
- Since 2009, Duke Energy has provided more than 70 million deeply discounted energy-efficient lighting products to our customers.
- Duke Energy's price per kilowatt-hour of electricity is lower than the national average in all six states the company serves retail customers.
- Since 2013, Duke Energy has helped its communities attract more than 37,000 jobs and more than \$10 billion in capital investment.

For 10 straight years, Duke Energy has been a part of the Dow Jones Sustainability Index for North America.

The Sustainability Report provides an overview and data on how Duke Energy creates value. It details the company's performance in its four key focus areas – customers, growth, operations and employees. A number of employees are highlighted for their contributions to Duke Energy's sustainability efforts.

## Lake Gaston Association's 4 May Meeting

### Boat & Jet Ski Readiness

At the Lake Gaston Association's (LGA) monthly meeting on Wednesday, May 4 at 9:30 a.m., Larry Liles of Lake Gaston Jet Ski and Caroline Overby of Overby Marine Sales & Service will be the speakers.

They will be giving helpful hints and tips on preparing your watercraft for the summer and ideas to enhance the enjoyment of your watercraft on the lake.

The meeting will be held at the Lake Gaston Baptist Church located on Hwy. 903, 1 mile north of Eaton Ferry Bridge, across from the Subway Restaurant.

It will also provide an opportunity to get caught up on the various activities that the LGA Committees – Public Safety, Lake Environment, Government Relations, Marketing and Membership, Education and Lake Clean-Up – are working on.

Got a lake-related issue or concern that the LGA should be working on? There will be time allotted on the agenda to present those concerns to the LGA Board.

The meeting is open to the public, members and non-members alike, so gather up your neighbors and come join the LGA.

For more information contact (252) 586-6577 or 1-888-586-6577 or [info@lakegastonassoc.com](mailto:info@lakegastonassoc.com).

## Chamber Project Updates

### Main Street Showcases...

Still plenty of opportunities for your business to get a "Main Street Presence" in Warrenton and help bring downtown to life!

If you're interested for your business or know someone who would be interested, please contact me at [info@warren-chamber.org](mailto:info@warren-chamber.org) or 252-257-2657.

Once we begin to get visitors noticing all of our storefronts, we can spur interest from new businesses to come to downtown Warrenton.
